

# RION CO.,LTD

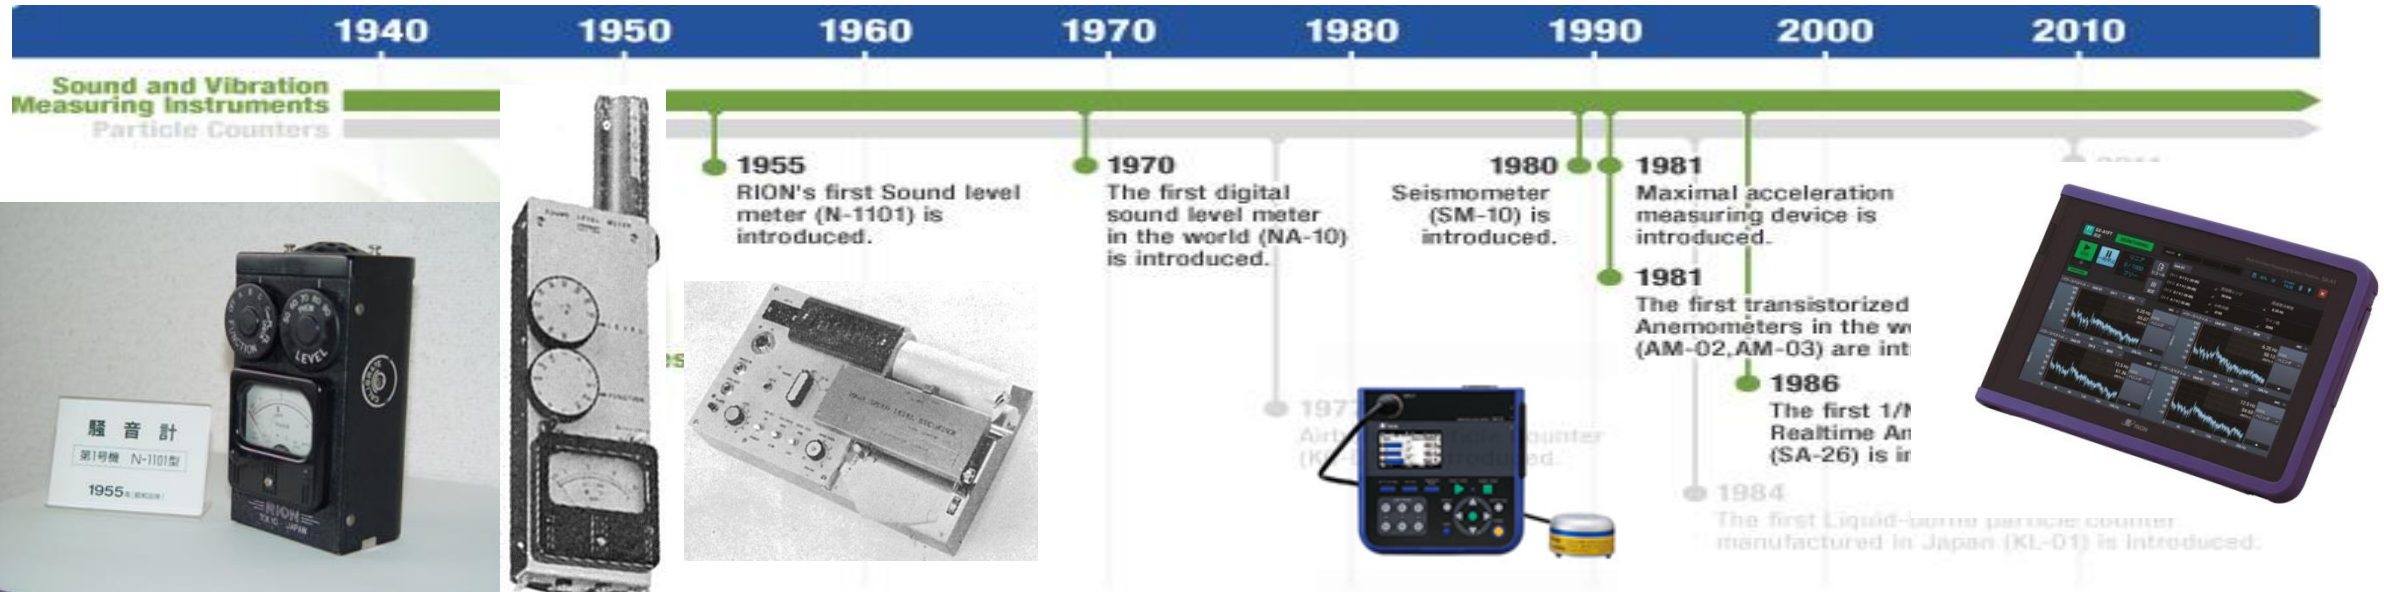

Dedicated to Sound and Vibration Measurement

Founded: 1944

HQ: Tokyo, Japan

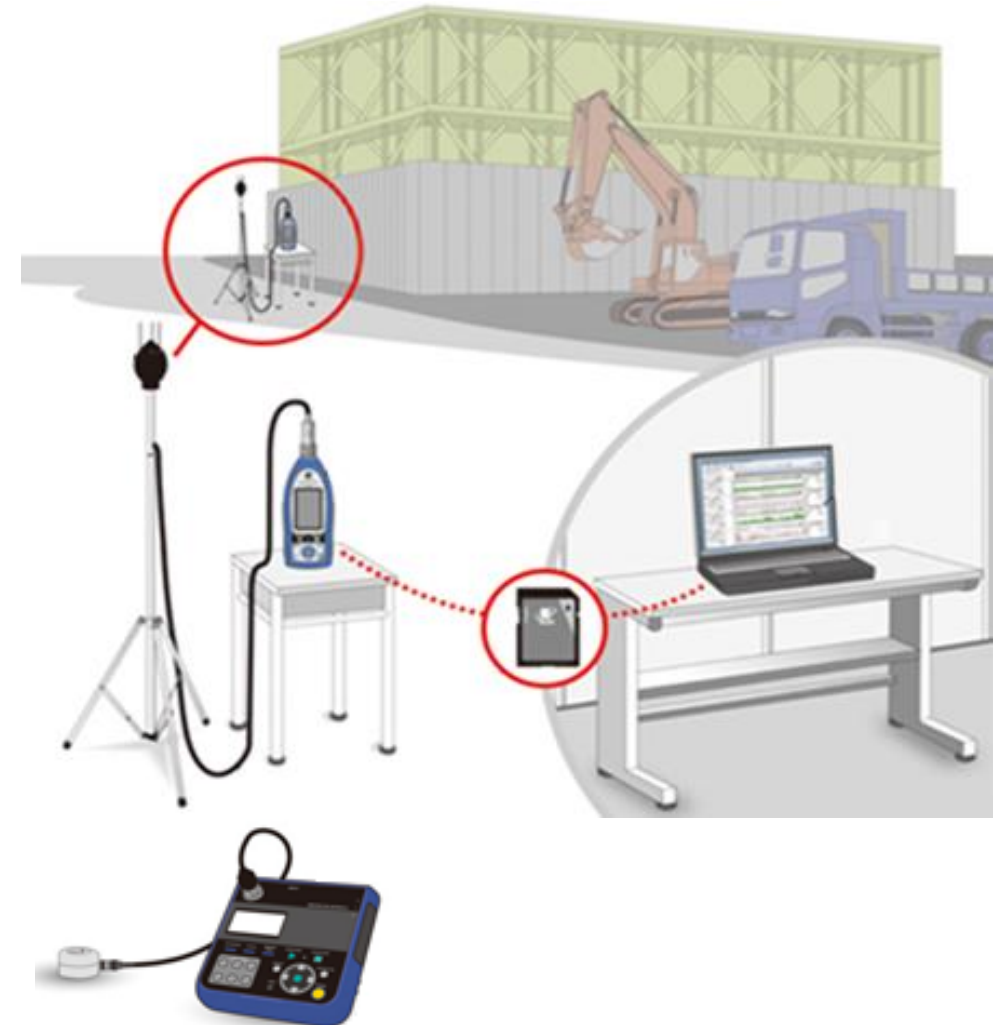

“Quality, Rion Promise”

# Monitor Construction Noise and Vibration

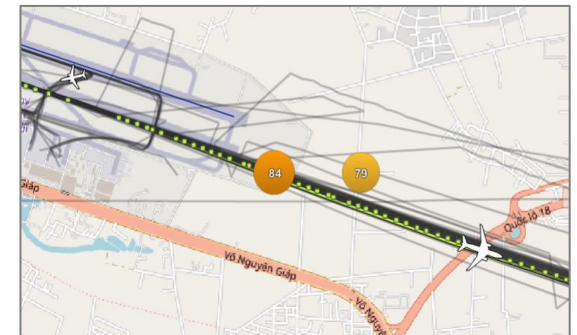

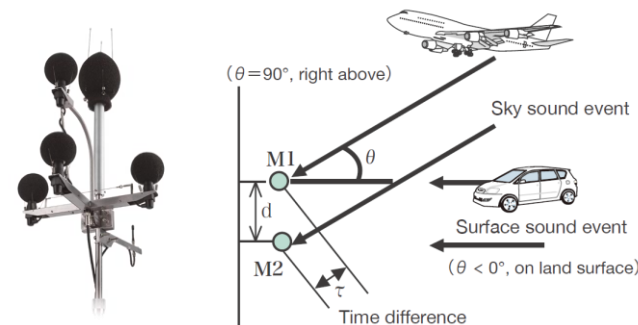

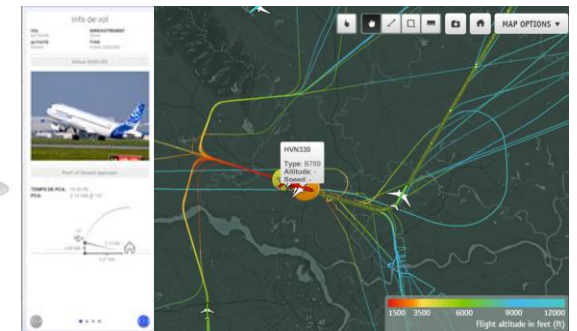

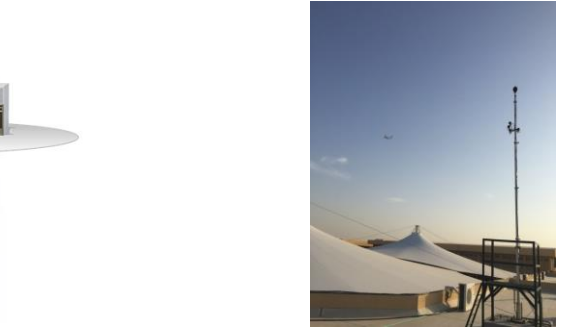

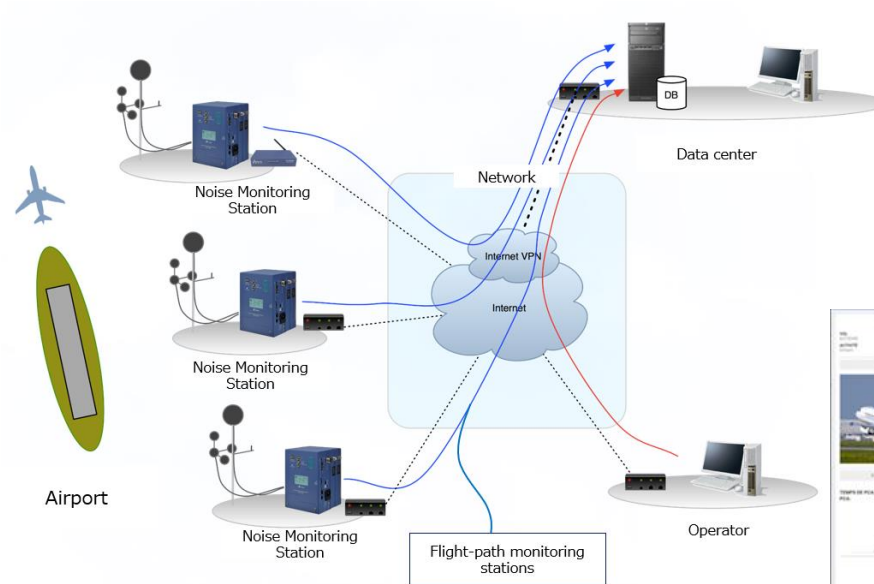

- Store **noise and vibration level data** for legal assessment
- Accurate evaluation according to its actual circumstances by **excluded sound processing with recorded sound replay**
- Demand for **online monitoring** system is on the rise
  - >>Rion can provide the latest system

# Aircraft Noise Monitoring System

- **Reliable sensing**
- **High robustness**
- **Unique technology for detecting the aircraft noise**
- **Exact matching technology b/w the sound event and each actual flight**

# Karaoke Noise Measurement System

On-site measurement device

Web server

Supervisor PC

- Violation status data
- Date/time on photo
- GPS coordinates
- Measured value ( LAm<sub>ax</sub> )
