Keiji Hashimoto

**HQ office**

Taman Desa, Faber Tower

**Branch Location**

Penang, Johor Bharu and Kemaman

Initiatives to Achieve the SDGs: Preserving the Earth's Environment and Solving Energy-related Problems through "Cooperative Creation"

## Azbil contribute to environment

Effective Reduction of CO<sub>2</sub> at Customers' Sites  
TOTAL **2.84** million metric tons of CO<sub>2</sub>/year

Fiscal year 2030 (ended March 2031)

**Effective reduction of CO<sub>2</sub> at customers' sites**  
**3.4** million metric tons of CO<sub>2</sub>

※The CO<sub>2</sub> emissions coefficient for electricity in 2030 is our estimate based on the Japanese government's 2019 basic energy plan.

\*1 The effective reduction is the estimated difference between customers' adoption and non-adoption of azbil Group products, services, and solutions. The method of estimation was reviewed by an independent external party.
