

TICAD 9 Partner Project

Africa-Japan Partnership for a Climate-Resilient and Decarbonized Africa

20 August 2025 | Pacifico Yokohama Annex Hall F205-F206
15:30-17:00, Tokyo time, GMT+9

The event will share the progress and potential of climate cooperation between Japan and Africa and facilitate networking among stakeholders through the exchange of various initiatives. It will highlight collaboration between Ministry of the Environment Japan and African Development Bank (AfDB), the JCM project in partnership with UNIDO including the Fukuoka Method for landfill sites, an adaptation project supporting the climate resilience of small-scale farmers, and resilient and sustainable efforts by Japanese local governments, private companies and international organizations.
