

Virtual Green Bag Seminar: Green Hydrogen Technologies for Accelerating Net-Zero Actions in DMCs

Date / Time:	Friday, 1 March 2024, 9:30-13:00 (PST) / 10:30-14:00 (JST)
Format:	Online (Zoom)
URL:	(TBC)
Co-Organizers:	Asian Development Bank (ADB) and Ministry of the Environment, Japan (MOEJ)
Outline:	This seminar will discuss the possibility of green hydrogen application in various sectors in ADB's developing member countries (DMCs) in order to achieve their carbon neutrality. ADB, MOEJ, DMCs and invited speakers from Japanese private companies will present their strategies, experiences, and innovative technologies on green hydrogen for decarbonized society, and discuss potential future cooperation.
Facilitator:	Stephen Peters, Senior Energy Specialist, ADB

09:00-09:30	REGISTRATION
Opening Session	
09:30-09:35	Opening Remarks: - MOEJ
Session 1: Introduction of Efforts and Needs on Green Hydrogen Development	
09:35-09:45	ADB's Effort on Green Hydrogen Development and Needs in DMCs (TBC) - ADB
09:45-09:55	MOEJ's Green Hydrogen Vision and Roadmap (TBC) - MOEJ
09:55-10:10	Needs of Green Hydrogen Development in DMCs (TBC) - DMC
10:10-10:25	Needs of Green Hydrogen Development in DMCs (TBC) - DMC
10:25-10:35	Q&A
10:35-10:50	Break
Session 2: Introduction of Green Hydrogen Technologies	
10:50-11:05	Green Hydrogen Technology 1 - Japanese entity
11:05-11:20	Green Hydrogen Technology 2

	- Japanese entity
11:20-11:35	Green Hydrogen Technology 3 - Japanese entity
11:35-11:50	Green Hydrogen Technology 4 - Japanese entity
11:50-12:05	Green Hydrogen Technology 5 - Japanese entity
12:05-12:20	Green Hydrogen Technology 6 - Japanese entity
12:20-13:00	Q&A and Conclusion
