

INDONESIA - JAPAN SEMINAR ON PROMOTION OF ENVIRONMENTAL INVESTMENT THROUGH CARBON ECONOMIC VALUE

~SUPPORTED BY JAPAN PLATFORM FOR REDESIGN: SUSTAINABLE INFRASTRUCTURE (JPRSI)*~

The Comprehensive Environmental Cooperation Package was signed by Indonesian Government and Japanese Government to promote investment in the environmental infrastructure in Indonesia, to improve environmental issues, and to contribute to carbon neutrality in Indonesia. This Seminar focuses on environmental system, infrastructures, and technologies that Policy of Carbon Economic Value in Indonesia might let spread.
